

HEADSETMasterPRO

The professional Headset

Multipurpose versatility

The Master Pro headset guarantees crystal-clear sound and the best possible voice intelligibility for any application: use Skype™ or other Voice over IP (VoIP) applications to make phone calls easily and inexpensively from your computer. Coordinate your actions in online games with Teamspeak or integrated communication solutions. Use the integrated voice module in your favorite messenger for worldwide discussion groups and videoconferences. Enjoy your music with solid bass and clean high frequencies without disturbing your family, colleagues or neighbors.

Maximum comfort

The design of the Master Pro headset is ultralight for maximum comfort, even after hours of use. The headset features an inline controller with a mute for the high-quality microphone and a volume control.
