

SoundSystem

AUREON 5.1 USB

Digital Audio Solution

The flexible sound solution for at home and on the go!

Whether it be for your next multimedia presentation, the most recent film highlights on DVD, MP3 songs, or a thrilling soundstage for your high-end games: with the Aureon 5.1 USB you can enjoy first-class sound on 6 channels, whenever and wherever you want. On your home PC, or on the go with your laptop or notebook. And all this without the nuisance of a complicated installation and configuration process. You don't need special drivers or a separate power supply. Just plug it into the USB port, and you're ready to go!

Genuine surround sound over 5.1 channels (with 6 analog outputs and 2 inputs), gold-plated connections, digital inputs/outputs as well as microphone and line-level inputs: the Aureon 5.1 USB is not just perfect for mobile use, it can be installed quickly via Plug&Play. This little sound machine also offers everything else you expect from a good audio card. For pure listening pleasure, particularly for your DVD software, current standards such as Dolby Digital, AC3, DTS and Dolby Pro-Logic II are supported. Additionally, the Aureon 5.1 USB has a headphone jack.

In the Aureon 5.1 USB, it is not only the hardware that contributes to its refined tones. Remix your MP3 and Audio CD collection like a professional DJ with Native Instruments Traktor DJ and convert your PC into a genuine home theater with InterVideo WinDVD.!

Technical Details

- USB 1.1 Interface (USB series A connector)
- USB Audio Class specification version 1.0
- Powered via USB bus
- 2 analog line inputs (cinch), impedance 10 kOhm
- 6 analog line outputs (cinch), impedance 100 Ohm
- Optical S/P-DIF digital input (TOS-Link)
- Optical S/P-DIF digital output (TOS-Link)
- Mikrophone input (3.5 mm mini jack) combined with digital input
 - Gain: +40 dB
 - Impedance: 10 kOhm
- Headphone output (3.5 mm mini jack) combined with digital output
 - Output power: 60 mWatt max.
- AC3/DTS Pass Through
- Audio resolution: 16 Bit
- Sample rates
 - analog: 32, 44,1 and 48 kHz
 - digital: 48 kHz
- Driver support for Windows 2000/XP

Software

- Control Panel for Windows 2000/XP
- InterVideo WinDVD
- Native Instruments Traktor DJ

System Requirements

- Microsoft Windows 2000/XP
- 1 free USB V1.1 or V2.0 port
- 600 MHz Pentium 3 or AMD Athlon CPU
- 128 MB RAM
- At least 60 MB free harddisk space (for the software DVD-Player)
- CD ROM/DVD ROM drive (for the software DVD-Player)
- Graphics card with SVGA and DirectDraw Overlay support (for the software DVD-Player)

Art.No.:	062200
EAN-Code:	4017273662206
Warranty:	24 months
